

ISEB Common Entrance Prep Summer 2019

iTHINK's Common Entrance Prep courses are designed to help students prepare for the Common Entrance Exams in English, Mathematics and Science. The courses teach the fundamental skills in those subjects, and prepare the students for the types of questions they will face in their exams. Using past exam papers, students are taught the techniques of the exams and are given the knowledge and confidence to succeed.

- Suitable for students in Grades 5-8 or Years 6-9
- Prepares students for the 11+ or 13+ common entrance exam
- Small class size not exceeding 4 students

I/GCSE Prep Summer 2019

iTHINK's I/GCSE Summer Prep Series help you to understand, catch-up and review everything you did in your first year of the I/GCSE, and give you the best possible preparation for your final year.

The purpose of the I/GCSE summer intense courses is to provide students who have completed the first year of their I/GCSE with a structured review of the content and skills covered in the subject. The course will focus on developing effective strategies for studying.

- *Review fundamental concepts and exam syllabus*
- *Develop the students' exam techniques to ensure they develop the necessary skills to answer I/GCSE exam questions successfully*
- *Set and mark written work so that students can improve their exam performance*
- *Provide individual and collective advice on how to revise for exams.*
- *Teach subject-specific micro- and macro-strategies for use on the I/GCSE examination*

Course structure

Pre and post course assessment: Students are expected to complete a pre-course assessment to judge the level of competency in their subject knowledge. Instructor will teach base on their assessment to give general feedback in the group class. Should the student need more help on individual topics students are encouraged to seek help in private individual sessions that can arrange separated.

Homework: Instructor will assign worksheet in class and students are expected to spend at least one to two hours prior to each session to complete the work.

Student to Teacher Ratio: The small class size (maximum of 4 students) ensures strong interactions among students and teachers. Students are encouraged to participate actively in class.

Class expectations: We are looking forward to working with you this school year. We will work hard to present the review course in an interesting and exciting manner. All students are expected to be responsible, attend class regularly, be on time and participate in course activities and discussions in a positive manner.
